# Rock Climbing Wall

## Did you know?

- If you stacked all the steel cans that were recycled each year, they would reach from here to the moon and back again more than three times!
- The Forest Stewardship Council (FSC)
  only gives their special certification to
  logging operations that manage the
  world's forests responsibly.
- The EPA estimates that in 2003 we generated approximately 290 million scrap tires. Instead of throwing them away in a landfill, there are many kinds of cool uses for recycled tires...

#### LIFE CYCLE OF ATIRE

### **ECO-FRIENDLY TIP**

At home, recycle your used cans and tires and look for FSC wood products!
